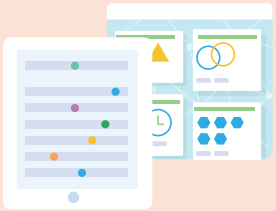
Product Facts

IXL is a personalized learning experience that is proven to make a significant positive impact on academic achievement. The platform's comprehensive pre-K-12 curriculum and personalized guidance, state-of-the-art assessment suite, instructional resources and classroom engagement tools, and actionable analytics work together seamlessly to give educators everything they need to differentiate instruction.

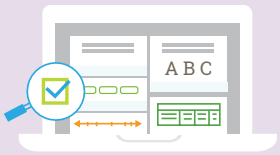
COMPREHENSIVE CURRICULUM

- IXL offers comprehensive coverage of pre-K through 12th grade curriculum, with more than 10,000 skills aligned to the Common Core and all 50 state standards.
- Personalized guidance automatically provides students with tailored pathways for growth by generating skill recommendations that help learners make the most progress.



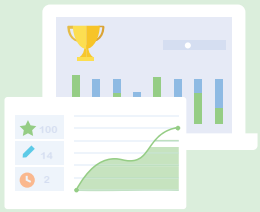
A FIRST-OF-ITS-KIND ASSESSMENT SUITE

- IXL offers a state-of-the-art assessment suite, which includes the Real-Time Diagnostic and universal screener.
- The assessment suite works in concert with the curriculum to give educators real-time insight into student performance, pinpoint gaps in knowledge and provide specific next steps to help each learner grow.



INSTRUCTIONAL RESOURCES & CLASSROOM ENGAGEMENT TOOLS

- Nearly 2,000 video math and ELA tutorials, corrective feedback, educational games for young learners and step-by-step lessons support students when they are working independently.
- Classroom engagement tools, like Group Jams and Leaderboards, make learning engaging and create collaborative opportunities for students to grow.



IXL ANALYTICS

- IXL Analytics is an essential daily tool that helps schools deliver data-driven instruction and support every student at the right level.
- Real-time insights help educators easily pinpoint trouble spots, monitor performance on skills and teacher engagement, and make more informed instructional decisions to improve IXL's impact on their schools and districts.

IXL MATH

Launched in 2007, IXL Math is a comprehensive pre-K through 12th grade math program. IXL's curriculum promotes rigor by helping students develop a conceptual understanding of math, build procedural fluency and tackle problems that have real-world applications. More than 4,900 standards-aligned skills cover topics such as counting, addition and multiplication, as well as advanced math subjects such as algebra, geometry, precalculus and calculus. Built-in instructional supports enable students to learn even challenging topics independently.

IXL LANGUAGE ARTS

IXL's comprehensive coverage of pre-K through 12th grade English language arts gives educators a systematic way to troubleshoot each student's unique reading and writing roadblocks, and put them on the path to success. As the platform with the broadest coverage of language arts, IXL can assess and pinpoint learners' specific gaps within and across a myriad of ELA domains. IXL then provides precise next steps for growth, leveraging the comprehensive curriculum to help every student build the skills they need to become strong communicators. Additionally, IXL provides an educational experience that gives teachers everything they need to boost early-childhood literacy skills in accordance with Science of Reading research.

IXL SCIENCE

IXL Science offers engaging life science, physical science and Earth science content for Kindergarten through 8th grade. IXL Science is aligned to state and Next Generation Science Standards, and includes interactive tasks, high-quality photographs and illustrations, and thorough explanations to help students develop a deep understanding of each concept.

IXL SOCIAL STUDIES

IXL Social Studies captivates students in Kindergarten through 8th grade and helps them build lasting critical thinking abilities. Learners explore topics about U.S. history, world history, civics, economics and culture. Skills encourage students to analyze primary sources, such as documents and artwork, as well as examine interactive maps and other dynamic content.

IXL SPANISH

IXL Spanish helps students of all ages build a foundation for Spanish learning. Aligned to textbooks and standards, IXL Spanish helps students master essential vocabulary, grammar, reading and listening concepts, through carefully scaffolded skills that are approachable and engaging for every level.

PROVEN RESULTS ON STATE ASSESSMENTS

- IXL has conducted efficacy studies examining 68,477 schools in 37 states.
- Results showed that schools using IXL consistently outperform schools using any other program or method.
- The benefits of IXL cut across a broad range of student groups and school types, including ELLs, SPED students, schools in urban and rural areas, Title 1 schools and more.
- To read IXL's efficacy studies, please visit: www.ixl.com/research.

QUICK FACTS

- IXL is used by 1 out of every 4 students in the United States and more than 900,000 teachers worldwide
- More than 120 billion questions have been answered on IXL
- IXL is used in more than 190 countries
