Have your students sign in to IXL at www.ixl.com and walk them through the following steps!

1. The Real-Time Diagnostic pinpoints students’ levels of understanding in math and language arts, and it can be accessed anytime.
2. Teachers receive up-to-the-minute insights, and students are offered tailored recommendations.
3. After students reveal their levels, answering 10–15 questions a week will keep the Diagnostic up to date!

QUICK-START GUIDE

Click on Diagnostic to head to the diagnostic arena.

Click on Diagnostic to head to the diagnostic arena.
3. Click **Step into the arena**.

4. You’ll have a choice of questions. Click one to begin.

When there are two questions offered, they both are equally valuable, so choose whichever one you’d like to try!
5 Answer the question. Try your best!

Enter your answer.

Click Submit.

6 After every answer, the Diagnostic works behind the scenes, making meaningful connections about you!

That's not it, but we'll try again later.
Keep answering targeted questions to narrow down what you know and what you’re ready to learn!

When the Diagnostic learns something new about you, you’ll receive a notification.

You can answer as many questions as you like! There isn’t a set stopping point and you can come back to the Real-Time Diagnostic at any time.

Click on **See your levels** to view your diagnostic stats.
Check out your current levels and learn more about yourself!

This skill is recommended by the Real-Time Diagnostic and is based on your exact responses and level of knowledge.

You are getting close! Answer more questions to narrow your ranges down to your exact levels.

Teachers, Analytics has even more diagnostic reporting available for you to gain insights into your students!
10 Continue answering questions to pinpoint your overall levels, reading level, and exact level in every strand.

To answer more diagnostic questions, click **Step into the arena**.

When a level is displayed as a circle with a star in it, your exact level has been revealed!

Click to see a full report of your Real-Time Diagnostic levels and recommended skills. Print or save it for reference.

What do the IXL levels mean? An IXL Diagnostic level of 500 represents readiness to begin working on fifth-grade level skills.
When you are ready to strengthen your knowledge in a strand, click on your recommended skills!
Explore all the skills recommended just for you, and select one to work on!

The Real-Time Diagnostic is always available. Come back often!

Try to answer 10–15 questions a week to keep your levels up to date.
